Terms of Acceptance

When a patient seeks chiropractic health care and we accept a patient for such care, it is essential for both to be working towards the same objective.

Chiropractic has only one goal. It is important that each patient understand both the objective and the method that will be used to attain it. This will prevent any confusion or disappointment.

Adjustment: An adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxation. Our chiropractic method of correction is by specific adjustments of the spine.

Health: A state of optimal physical, mental and social well-being, not merely the absence of infirmity or disease.

Vertebral Subluxation: A misalignment of one or more of the 24 vertebrae in the spinal column which causes alteration of nerve function and interference to the transmission of mental impulses, resulting in a lessening of the body's innate ability to express its maximum health potential.

We do not offer to diagnose or treat any disease or condition other than vertebral subluxation. However, if during the course of a chiropractic spinal examination, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis or treatment for those findings, we will recommend that you seek the services of a health care provider that specializes in that area.

Regardless of what the disease is called, we do not offer to treat it. Nor do we offer advice regarding treatment prescribed by others. OUR ONLY PRACTICE OBJECTIVE is to eliminate a major interference to the expression of the body's innate wisdom. Our only method is specific adjusting to correct vertebral subluxations.

I, _____, have read and fully understand the above statements.
(print name)

All questions regarding the doctor's objective pertaining to my care in this office have been answered to my complete satisfaction.

I therefore accept chiropractic care on this basis. _____

Our experience has shown that it is wise to have an understanding with our patients as to our office policies and fees. This form has been prepared for your convenience and will enable us to better serve you and avoid misunderstandings in the future. We offer several methods of payment for your Chiropractic Care at our office and you may choose the plan which best fits your needs. If special arrangements are necessary please consult with the Doctor.

Our main concern is your health and well-being and we will do our best to help you achieve your goals.

Plan #1-Insurance— If you have insurance that covers Chiropractic care, we will bill your insurance directly. *Please bring us your insurance information before your second visit. Until we have the completed necessary insurance information to verify chiropractic coverage, you will be required to pay for your care.* Remember, insurance companies balk at "maintenance" and long-term rehabilitation and usually you will not get much help after your initial corrective care. Most ordinary "health" policies are designed and intended to only take care of acute problems so you should plan to "get off" insurance and be on your own. At this point, refer to our Health and Wellness Plan (ask Doctor for details).

Plan #2- Cash— Fees are to be paid at the time services are rendered, unless special arrangements have been made in advance.

Plan #3—Weekly/ Monthly Cash Agreement— For those patients who qualify, we will extend credit through this plan; however, should you become inactive by discontinuing your care, your entire unpaid balance will be due immediately. This plan applies to all cases, except work injury or auto injury claims.

Plan #4- Labor and Industries—By law, you need to report your accident to your employer, bring in necessary insurance information, and sign industrial forms for billing by second visit. We will bill labor and industries directly.

Plan #5—Auto injury —You need to supply us with the accident report, your car insurance, health insurance, liable parties insurance and (if applicable) attorney information . Until necessary insurance information is gathered and verified for chiropractic care, you will be required to pay for your care. We will bill your insurance directly after verification of coverage. In the event the check should come to you, you are expected to bring the check to us.

Plan #6—Medicare—Per established Medicare guidelines please bring us your Medicare information on or before your second visit. We will bill Medicare directly. In the event the check should come to you, you are expected to bring the check to us.
